

### What would you like to donate? ?

*Your noncash items could represent thousands of dollars to Homes from the Heart – plus a garage you can park in, cleaned out drawers, and no more monthly storage unit fees.*

### We've made it very simple to donate noncash items:

1. Go to our website and click on the donate link.
2. Find the icon that matches your noncash donation.
3. Complete the online forms.
4. You will receive an email with instructions including shipping or pickup coordination.
5. Click on the Facebook, Twitter and Email icons to share your donation with your friends and family. You never know what your story might inspire!
6. After the transfer is made, you will receive a Gift In-Kind receipt for tax purposes. (Consult with your tax advisor if you have specific tax questions.)
7. Come back often. After you have donated once, our website will 'remember' you, so you will only need to verify your email address — it really is that simple.

## Remember

- Not all gifts will be accepted. Items must have market value that is higher than the cost to ship, transport and liquidate the item.
- Cell phones that do not hold a significant market value will not be accepted in single units, but can be donated in bulk by collecting 20+ phones.
- All cars, running or not, will be accepted.
- All donations will receive a Gift In-Kind receipt, unless donating bulk items.
- We do not accept furniture, clothes or household items through our online giving system.
